OUR MISSION

To glorify God & develop the next generation of Christian Leaders.

OUR VISION

To raise Christ-centered Leaders of influence & integrity.

EDUCATIONAL PHILOSOPHY

We believe that every child is special, unique and has something of worth to contribute. With this principle, our school aims to provide a holistic education that develops a child's physical development, socio-emotional development, cognitive development and spiritual development. We also believe that every child is a gift of God whose capabilities should be nurtured in a loving, safe and Christ-centered environment.

We believe that teachers are the facilitators who promote optimal learning for every child. Teachers take upon a variety of roles in the classrooms such as: planning for the curriculum; implementing developmentally appropriate activities; evaluating the child's progress; and building partnerships with families and staff. Teachers should strive to embody a loving, teachable and Christian character in the care of children as well as in the interaction with others.

We believe that the school is a second home to every child. In our institution, we respect diversity thus, we accept all children from different social, cultural, and economic backgrounds. We support every child's right to be educated. We advocate parent partnerships because we know that working closely with families would greatly increase the success of every child in our program. At Leaders International Christian School, we value and teach universal truths which we believe will prepare and equip the children of today to face the challenges of tomorrow.

Student Evaluation

1. Students in the Preschool classes (N2-K5) will be evaluated each quarter, before the parent-teacher conferences. However, the teacher will still send monthly progress reports to the Principal and parents.
2. Grade school level students will be evaluated per quarter on their subjects. Evaluations will be based on the following:
 - a) Class participation: assignments, recitation, projects, book reports
 - b) Short tests/quizzes and examinations
3. Announced quizzes/short tests will be given regularly to gauge the students' mastery of the lessons.
4. Instead of examinations, practical tests or projects will be given for *non-academic subjects* like Bible, Physical Education, Music, Arts, Home Economics, Computer, etc.
5. Averaging system will be used to compute the final grades for elementary levels.
6. For missed quizzes or exams, teachers shall schedule make-up quizzes/exams to be done after school. Notes on exam schedules shall be emailed to parents and/or sent home with the student.

Report Cards and Progress Reports

Report Cards for elementary and high school students are presented every quarter to show evaluation of performance on subjects, character, and life skills. Report cards are shown to the parents or guardians at each parent-teacher conference (PTC), and released at the end of the school year. In the same way, Progress Reports are presented at every quarter to the parents of preschool students.

Report Cards and Progress Reports will not be released to students. Please refer to the School Calendar for the Report Card release schedule.

****Report cards shall not be presented to students with unsettled accounts, students with incomplete school enrollment requirements, or students who are marked as 'Temporarily Enrolled'. Students who fall under the aforementioned description shall only receive unofficial progress reports.***

Promotion

Nursery 2 to Kinder 5 students must have satisfactory ratings in their assigned levels to qualify them to move up.

Grade School students must have passing final marks in all subjects and satisfactory conduct for them to be promoted. Otherwise, students will be required to attend remedial classes during the summer months.

Awards and Recognition

Recognition for Academic Success

At the end of each school year, Leaders-ICS gives recognition to students who excel academically. Such awards may only be given to those who have consistently displayed good behavior and are in good standing with the School.

Leaders-ICS follows the DepEd policy guidelines for academic excellence awards:

Academic Excellence Award	General Average
1. With Highest Honors	98-100
2. With High Honors	95-97
3. With Honors	90-94

Character Awards

Character awards are given to students who consistently demonstrate the fruit of the Spirit (love, joy, peace, patience, kindness, goodness, gentleness, faithfulness and self-control) throughout the academic school year.

The school aims to encourage students to achieve excellence both in academics and in Christian character.

Academic Probation

A student may be placed on **academic probation** to encourage him or her to strive for better grades or behavior while in the grade school level. Leaders-ICS expects full cooperation from both student and his/her parents to improve the child's standing.

A student who obtains a failing grade in any subject, or constantly receives character modification notices will be placed under **academic probation** for the *following* school year. The student is then encouraged to give his/her best effort to avoid having failing marks or character modification notices for that school year; otherwise, he/she shall remain under **academic probation**.

If a student who is on **academic probation** gets another failing grade, or has exceeded the limit of character modification notices that he/she may receive in the current school year, he/she will then be placed on **special academic probation**.

Consequently, a student already on **special academic probation** who gets a failing final grade in any subject, or accumulates character modification notices in excess of the allowable limit during the current school year will be advised to withdraw from the school.

Communications

Circulars and Announcements

All circulars, permission slips, announcements, and official letters from the school office that *require* the signature of the parent or guardian will be sent with the child and noted on the student handbook and diary. These must be signed and returned on the following school day. Such information will also be sent through e-mail.

Diary/Notes for Homework or Assignments

To promote responsibility, this Student Handbook includes a student diary for notes relating to homework or assignments. Depending on the year level, a student shall either paste or write-down his or her homework or assignment information onto the notebook. Information on such assignments shall also be emailed to parents or guardians.

On the back pages of this Student Handbook are blank excuse slips for absences. An excuse slip must be filled-out by a parent or guardian when an absence occurs; the slip will then be checked and signed by the teacher upon the child's return to class. The excuse slips shall serve as written references for absences and must not be removed from the handbook.

Address or Phone Number Changes

Parents or guardians are requested to immediately notify the school office each time home addresses or phone numbers (both landlines and cell phones for home and work) are changed.

School Conferences

Parents or guardians are welcome to consult with the school office regarding any problems or questions concerning their child. It is the desire of the administration and faculty to be of service to both parents and students alike.

Each teacher welcomes a visit from any parent or guardian. We do urge, however, that such conferences be made by definite appointment with the teacher at a convenient after-school hour.

Parents or guardians who need to speak with a member of the faculty may call the school office between 8:00am and 12:00noon. Calls shall be returned as soon as possible after school hours.

Cubby Holes

Children will be provided individual spaces (cubby holes) for their personal belongings. Parents must ensure that each child brings a plastic utility box for school supplies and other necessities such as extra clothing, etc. Parents may obtain the list of supplies the child needs to bring from the Administration Office. All items inside the container or box must be properly labeled with the child's name.

Homework

Each teacher is at liberty to give homework to help the students advance in their studies. Each student is required to complete any given homework on time.

Homework shall be given for the following reasons:

1. For reinforcement: We believe that most students require adequate review to master material essential to their education.
2. For practice: Following classroom explanation, illustration, and review of new work, homework is given so that the material will be mastered.
3. For remedial activity: As instruction progresses, various weak points in a student's grasp of a subject is given to overcome such difficulties.
4. For special projects: Book reports, compositions, special research assignments, and projects are some of the activities that are frequently the subject of homework attention.
5. For daily reading: Books are sent home for reading practice. Reading logs are to be signed after reading before being returned to the class adviser.

CHAPEL TIME

Chapel time is held monthly. Students are required to attend since it is part of their class schedule. Chapel time consists of 30-minute praise and worship, listening to and studying of God's word, and an opportunity for students to share their personal testimonies.

ASSEMBLY TIME

Assembly time is conducted once a week before the classes start. This is when everyone gathers at the assembly area for the weekly flag ceremony, announcements, and prayer. All students are required to go directly to the assembly area on Monday mornings for this purpose.

RULES AND REGULATIONS

Attendance

Students must be present and should participate during special activity days or events such as educational trips, Christmas celebration, graduation, etc.

Students who must leave school with less than two hours of attendance will be counted absent for the entire school day. Students who remain at school for at least two hours, but leave before the regular dismissal time will be counted present one-half day.

Missed lessons shall be sent home as homework, or students may avail of catch-up tutorial sessions for a fee (please check with the admin office for the schedule of fees).

Inclement Weather conditions

Leaders-ICS adheres to the storm signal guidelines established by the **Department of Education of the Philippines (DepEd)**.

Based on to DepEd Order No. 28, series of 2005, classes in all public and private preschool, elementary, and secondary schools are automatically suspended or cancelled without having to wait for announcement under the following circumstances:

- When Public Storm Warning Signal (PSWS) No. 1 is raised, classes at the preschool level shall be automatically suspended.
- When Public Storm Warning Signal (PSWS) No. 2 is raised, classes at the preschool, elementary, and secondary levels shall be automatically suspended.
- When Public Storm Warning Signal (PSWS) No. 3 is raised, classes in all levels are automatically suspended.

In the absence of PAGASA Public Storm Warning Signals (PSWS), localized class suspension is allowed by the DepEd. The decision to suspend classes may be made by the school principal, division superintendent, or local government executive.

If students are already in school before classes are suspended due to a typhoon or inclement weather, the students are to remain in school until they are picked-up. They will not be allowed to go home on their own without prior written permission from their parent or guardian.

Toys from Home

Children are highly encouraged to play with the educational toys and materials provided in the school. There will be school activities such as show-and-tell where children may be asked to bring toys from home. For such activities, parents are requested to ensure that toys from home are properly labeled with the child's name and to have small toys or objects placed inside labelled plastic containers or bags. But unless there are instructions to bring toys from home for class purposes, children are asked to **refrain** from bringing such toys, as these may get lost or cause fights among students. On the other hand, if children happen to bring home toys that do not belong to them, parents are asked to immediately notify the school and return the toys to the admin office or to the advisory teacher on the next day of class.

Personal Gadgets and Devices

Use of personal gadgets and devices such as cell/smart phones and tablets are not allowed inside classrooms. Students may deposit such devices with their

respective advisers at the beginning of class hours, and retrieve them after their classes end.

Library

Students in grades 1-10 are encouraged to regularly visit the school library. They may borrow books using their library cards but there will be corresponding dates for the said books to be returned. Late returns will be charged. Lost books must be paid for by the student.

Lost and Found

Misplaced articles are taken to the lost and found and may be redeemed on the following day before classes begin. Lost and found articles which remain unclaimed after one quarter shall be donated to calamity or disaster victims. This policy has been established to teach students personal responsibility. Leaders-ICS is not responsible for any lost or stolen items within the school premises.

Food Restrictions

The School respects that some families observe certain food restrictions. Parents/guardians are requested to submit Information on such restrictions to the Administration office so that only appropriate food options will be offered their children during in-school activities or celebrations.

Communicable diseases

Leaders-ICS desires to maintain a healthy school environment by instituting controls designed to prevent the spread of communicable diseases, the term "communicable disease" shall be mean an illness which arises as a result of a specific infectious agent which may be transmitted either directly or indirectly by a susceptible host or infected person or animal to other persons (e.g. measles, sore eyes or "pink" eyes, hand-foot-and-mouth disease, head lice, etc).

A teacher or administrative official who reasonably suspects that a student or employee has a communicable disease is required to immediately notify the principal and management and send the student or employee to the school clinic for examination. Parents of students with suspected or confirmed communicable diseases will immediately be notified of their child's condition and will be advised to pick-up their child from the school clinic. School employees who are found to have communicable diseases will likewise be sent home.

Illness

For the welfare of students and school employees alike, all children who are sick must remain at home. Students who recover and return to school are requested to bring items necessary to help prevent future illness (e.g. jacket, towel, etc.). A returning student who needs assistance in taking medication during school hours must bring a signed authorization letter from his or her parent/s before he or she

can be assisted by a teacher or the school nurse; otherwise, it will be necessary for the parent/s to come and personally give said medication to the student. Teachers will not be held responsible for carrying out such duties.

Students on Medication

If a student is to take any medication while at school, he or she must submit an **Authorization for Administration form**. The form is available at the school clinic and must be submitted to the admin office. For prescription medications, the form must be **signed by a licensed physician**. Non-prescription medication may be authorized by a parent or legal guardian. **Each medication must have its specific and individually signed Authorization for Administration form**. Medication will be kept in the school clinic and dispensed by the school nurse according to its directions. **Medicines must be in their original containers and properly labeled by the parents**.

Absences

- **Absences:** In case of absence, a student's **parent must submit to the teacher a signed and dated note explaining the reason for the absence**. The note must be sent on the day the student returns to school. If no note is presented, the absence will be considered unexcused.
- **Absences due to illness:** A medical certificate will be required for absences due to illness lasting three or more days. When a child returns after being absent due to illness, the school nurse will conduct a preliminary health check to ensure that the child is fit to go back to school. For children who have been absent due to a serious illness/injury or any communicable disease, parents are requested to provide the school with a **doctor's clearance or a doctor's note** certifying that the child is fit to return to school.
- A student may make up for missed quizzes, seatworks, and other class activities. Catch-up sessions may only be scheduled after class hours and only and are **applicable for excused absences only**.
- Only absences due to illness or death within the immediate family may be **excused**. A student is only allowed a maximum of fifteen (15) excused or unexcused absences in a semester, as mandated by the Department of Education.
- Students with unexcused absences will not be allowed to make-up for missed class work like seatwork or other class activities, but will be allowed to take missed quizzes. Make-up quizzes are to be scheduled after class hours while review must be done at home. Missed lessons shall be sent home as homework, or the students may avail of catch-up tutorial sessions for a fee. *Tutorial rates will be provided by the School's accounting department.

- Having excessive unexcused absences may result in a student's dismissal from school. No refunds on tuition will be made for school days lost due to absences.
- Family vacations and trips should be scheduled during the school break, since it is often difficult for a child to make-up for school days lost due to absences. Should it be necessary for a student to miss school for personal reasons, **parents must secure permission from the school administration several days in advance.**

Tardiness

Students are expected to come on time since tardiness disrupts classes and has adverse effects on children's educational progress. A student is considered tardy if he or she arrives after the specified class start time.

Consequences for excessive tardiness (counted per quarter)

Bible

The school recognizes that Bible class is fundamental important. It is a required subject which augments the study of English, history, geography, and science. The Bible provides direction for this life, and is the only hope for the life to come. No other book can so enrich the minds and hearts of men as "The Book of Books."

Character development is the most important work of a school; while knowledge of the Bible is one of the greatest educational assets anyone can have in addition to the moral and spiritual values resulting from its study. No other course offered in the school affords greater opportunities for laying the foundation of Christian character.

Discipline

Effective classroom discipline is necessary and key in maintaining a good learning environment. With this in mind, one of the school's goals is to help its students learn and practice self-discipline while developing good character traits. Teachers are responsible for encouraging appropriate classroom behavior and for maintaining a good learning environment, while students are expected to conduct themselves appropriately and abide by the Biblical principle "Do unto others as you would have them do unto you."

The following slips are issued to parents as notices to inform them of their child's specific behavioral concerns.

- The Notice Slip (Grade School and up only)

A notice slip is issued to a student whenever he or she manifests difficult or inappropriate behavior, or whenever delinquency on his or her part occurs. The notice will be sent home for the student's parents or guardian to see and acknowledge. The parent or guardian must sign the slip and personally return it to the advisory teacher on the following school day.

Parents are expected to partner with the school in encouraging and providing their children with developmentally appropriate venues of learning. The school aims to strengthen the partnership by informing them of how their children are doing in school, not only academically, but behaviorally as well.

Leader-ICS maintains a "zero tolerance" policy toward violence, fighting, or threats of any kind, and possession of anything that could be used as a weapon.

Pursuant to the above policy, a student who acts or makes statements that can be associated with violent behavior (including but not limited to jokes which may be interpreted as threats) will be issued a written notice; and consequently, his or her parents will be called for a conference. The school shall expect full cooperation from both the student and parents in resolving such issues.

Corrective measures will be used to help the student alter his/her behavior and attitude when misconduct (e.g. abovementioned behavior) occurs. Examples of typical corrective measures are *thinking time*, *a student-teacher conference*, *a student-guidance counselor conference*, *a parent-teacher conference*, and finally, a conference involving the *parent/s*, *principal*, *guidance counselor*, and teacher. A form will be issued by the teacher and guidance counselor to call for a parent-teacher conference to address infractions or offenses committed. Repeated commission of these offenses may lead to other consequences such as suspension from classes, community work, or dismissal from the school.

Discipline Committee

The School has formed a discipline committee to preside over major offenses and special discipline cases.

Classification of offenses

Offenses are classified as Minor and Major. Minor offenses are straightforward and shall be decided on by a student's class adviser, while major offenses shall be decided on by the School's discipline committee.

Sanctions for Minor and Major offenses:

In the same way, Parents or Guardians may request an audience with the School's Academic Supervisor or Principal for student-related concerns or incidents. Incidents shall be investigated for timely resolution.

Parent-Teacher Conferences (PTCs)

Parent-Teacher conferences (PTCs) are scheduled quarterly. Parents are expected to attend each meeting for the benefit of their child and to obtain pertinent information concerning the school program. Children are not to attend the Parent-Teacher Meetings and should not be brought to the school during those times.

****Parents or guardians of students with unsettled accounts, incomplete requirements, or those under 'Temporarily Enrolled' status shall not be permitted to attend the PTCs until all such accounts are settled and all such requirements are submitted.***

The school has an outdoor playground facility which is regularly cleaned and maintained. Children may only use the playground under the supervision of a teacher or teacher's aide *during school hours*, and under the supervision of a child's adult companion *after school hours*.

EMERGENCY PREPAREDNESS

Fire and Emergency Drill

The school conducts fire and earthquake drills to train children on what to do during such situations.

Children's Release

During inclement weather or sensitive situations, children will be held in the school until it is safe to leave. Children will only be released after being signed-out by their parent or guardian, or by an authorized adult. Leaders-ICS ensures that the children will be taken care of while within the school premises.

SCHOOL EVENTS

Birthdays

The school allows children to celebrate their special day in school. In the interest of proper planning and order, the school shall only allow for one (1) birthday celebration by one (1) celebrator per week during Fun Fridays for Preschool level, and one (1) birthday celebration per day at lunch time during school days for both the Grade School and High School levels.

In the event that there are multiple *preschool celebrators* within one week, the first to request for a party schedule shall have priority, while the others may schedule celebrations in the following weeks instead. Only one celebration per day *shall* be allowed for the *grade school and high school* levels. The birthday celebration request form is included in this handbook. The teacher shall coordinate the request with the Admin office after it is filled-out.

Parent Orientation

All parents and guardians should attend the Parent Orientation. This is to inform the parents about the mission, vision, curriculum, etc. of the school. The Parent Orientation is scheduled to occur before the beginning of the school year.

Moving Up Program/Graduation

This is the event where children and their families celebrate each child's progress and moving-up to the next level of his or her education.

Christmas Program

This is the School and children's celebration of the birth of Jesus, done through a variety of programs or activities.

FIELD TRIPS

The school organizes field trips and out-of-school activities that allow the children opportunities to use, develop, and reinforce the values and life skills that are taught in the classroom. Parents are advised of such activities and permission for students to join is asked. Parents who allow their children to join are sent consent forms for their acknowledgement and signature. The signed consent forms are then submitted to the corresponding class advisers for confirmation.

Field trip fees form part of an enrolled child's school fees. Field trip fees are **non-refundable** regardless of a child's participation in the said activity.

HOME and SCHOOL PARTNERSHIPS

Leaders International Christian School firmly believes that the school should work closely with the families of the children in the program because this will heighten and develop the child's success in learning. The School maintains an open door policy wherein an open and regular form of communication with parents is established. The School also promotes several activities which will further strengthen the partnership between with the children's families.

VOLUNTEERS

The school welcomes *volunteer* teacher assistants, resource speakers, and events coordinators. The School acknowledges that volunteerism is a good means of sharing one's talents to others, and that there is a positive impact on children who see their parents' participation in school programs. Parents who would like to share their talents and resources may approach any teacher or faculty member.

CLEANLINESS

Leaders International Christian School has custodians who ensure that the areas in the School are kept clean. Classrooms, equipment, and comfort rooms are cleaned regularly. However, students, parents, and guests are requested to help keep the facility clean by properly disposing of litter in the waste bins provided.

ANTI-BULLYING POLICY (SYNCHRONIZED WITH R.A. 10627)

I. Philosophy, Vision, Values, Objectives and Aims

Our Philosophy

Leaders International Christian School has a positive approach to all behavior and bullying incidents. Forgiveness is at the center of our faith and means that everyone is given the opportunity to make a fresh start.

“The fruits of the Spirit are love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control...” (Galatians 5:22-23)

All bullying behavior is unacceptable, regardless of who bullies or how it is delivered or what reasons are given to justify bullying actions. We recognize the detrimental effect on anyone who may be subjected to bullying and will work actively to minimize the risks of bullying. Victims of bullying will be treated in a supportive manner and their support will not be regarded as a burden to staff and peer groups. We understand that bullying may have a harmful effect on educational performance. We are committed to contesting all bullying behavior and when necessary, will work in partnership with any relevant agencies. We recognize that bullies may also need ongoing support to change their behavior.

Our Vision

Leaders International Christian School and staff, Faculty members together with our students can stop bullying and create safe environments in which all your students can live, grow, play, learn.

Our Values

- We believe that bullying in any form is wrong and should not be tolerated, and that any environment that encourages bullying, or shows indifference to prejudice and discrimination is unacceptable.
- We believe that bullying is a behavior choice and that anyone can be encouraged to change their behavior.
- We believe that all children and young people have intrinsic value and worth and we embrace their uniqueness and autonomy.

- We respect difference and welcome diversity in our children, young people and in society in general, and believe our work should be inclusive of all.
- We believe that children and young people should have the right to feel safe, secure and valued, and that creating a safe environment and dealing with bullying is everyone's responsibility.
- We believe children and young people should actively participate in decisions that affect them and should be supported in taking responsibility for their choices and subsequent actions.
- We support a range of positive strategies to deal with bullying and actively challenge the use of humiliation, fear, ridicule and other similar approaches in an effort to reduce bullying.
- We believe that people should be treated with respect and courtesy.

Our Objectives

- To raise the profile of Bullying as an issue and the effect it has on the lives of our students.
- To use strategies that will help to prevent bullying.
- To respond to bullying incidents swiftly and appropriately.
- To acknowledge that both the victim and perpetrators of bullying need support.
- To recognize that all members of our school community have a responsibility for defying bullying on all students; staff; parents/guardians - and to explain how we can meet our responsibilities. To make sure that the teachers, parents, guardians, children and young people have the skill and knowledge to address bullying effectively.
- To record all bullying incidents and regularly report their incidence to the Governing Body, and to the DepEd Authorities.

We work to achieve our objectives in three key ways:

1. Policy and advocacy work - partnership building and policy development.
2. Building the evidence base for effective practice - encouraging research and evaluation to identify what works; collecting and sharing effective practice; supporting new developments and innovations in line with the evidence.
3. Information sharing - disseminating and sharing information through our Parents Teachers Association in collaboration with the Student Body

Organization and developing resources for schools and other organizations that work with children and young people.

Our Aim

We aim to create a caring Christian community in which each student will feel valued, confident and secure. Our aim is that in this environment of trust, openness and respect, loving relationships between the students and all members of the school community will be encouraged and each member can reach their full potential. This anti-bullying policy is to ensure that students learn in a supportive, caring and safe environment without fear of being bullied. Bullying is anti-social behavior and affects everyone; it is unacceptable and will not be tolerated. Only when all issues of bullying are addressed will students be able to fully benefit from the opportunities available at school.

II. Definitions

(h) Maintain a public record of relevant information and statistics on acts of bullying or retaliation shall be strictly confidential and only made available to the school administration, teachers directly responsible for the

said students and parents or guardians of students who are or have been victims of acts of bullying or retaliation.

All elementary and secondary schools shall provide students and their parents or guardians a copy of the anti - bullying policies being adopted by the school. Such policies shall likewise be included in the school's student and/or employee handbook and shall be conspicuously posted on the school walls and website, if there is any.

The Department of Education (DepEd) shall include in its training programs, courses or activities which shall provide opportunities for school administrators, teachers and other employees to develop their knowledge and skills in preventing or responding to any bullying act.

The Three Main Types of Bullying

1. Physical (hitting, kicking, theft, cruelty, neglect, abuse).
2. Verbal (name calling, discrimination remarks because of physical or mental disability or condition, acts that demeans, degrades and debases the intrinsic worth and dignity of the child as human being, gender-based humiliation or exclusion on the basis of perceived or actual sexual orientation and gender identity).
3. Indirect (spreading rumors, excluding someone from social groups, deliberate, repetitive and aggressive social behavior intended to hurt others or to belittle another individual or group).

The damage inflicted by bullying can be frequently underestimated and may be spoken or appear in a variety of other forms such as graffiti, e-mail or through mobile text messaging. Bullying can cause considerable distress affecting health and development. At an extreme, significant harm (including self harm) may take place. Both discrimination and negative attitudes or feelings towards homosexuality are examples of bullying activities causing stress of an emotional kind. At an extreme, significant harm (including self-harm) may take place.

Students who are being bullied may show changes in behavior, such as becoming shy and nervous, feigning illness, taking unusual absences or clinging to adults. There may be evidence of changes in work patterns, lacking concentration or truanting from school.

Bullying can occur in the classroom, on school premises, immediately adjacent to school premises, when a student is traveling to or from school, or

at a school - sponsored event, whether or not held on school premises. Bullying or harassment, including cyber bullying/harassment, is covered by this policy if the incident results in a potentially material or substantial disruption of the school learning environment for one or more students and/or the orderly day-to-day operations of the school or school program.

Signs and Symptoms

A child may indicate by signs or behavior that he or she is being bullied. Adults should be aware of these possible signs and that they should investigate if a child:

- Is frightened of walking to or from school.
- Doesn't want to go on the school/public bus.
- Begs to be driven to school.
- Changes their usual routine
- Is unwilling to go to school (school Phobic)
- Begins to truant.
- Becomes withdrawn, anxious or lacking confidence.
- Starts stammering.
- Attempts or threatens suicide or runs away.
- Cry themselves to sleep at night or has nightmares.
- Feels ill in the morning.

These signs and behavior could indicate other problems, but bullying should be considered a possibility and should be investigated.

Students must be encouraged to report bullying in school.

School teaching and staff must be alert to signs of bullying and act promptly and firmly against it in accordance with school policy.

III. Rules and Responsibilities

SEC. 4. Mechanisms to Address Bullying - The school principal or any person who holds a comparable role shall be responsible for the implementation and oversight of policies intended to address bullying.

Any member of the school administration, student, parent or volunteer shall immediately report any instance of bullying or act of retaliation witnessed, or that has come to one's attention, to the school principal or school officer or person so designated by the principal to handle such issues, or both. Upon receipt of such a report, the school principal or the designated school officer or person shall promptly investigate. If it is determined that bullying or retaliation has occurred, the school principal or the designated school officer or person shall:

- a. Notify the law enforcement agency if the school principal or designee believes that criminal charges under the Revised Penal Code may be pursued against the perpetrator;*
- b. Take appropriate disciplinary administrative actions;*
- c. Notify the parents or guardians of the perpetrator; and*
- d. Notify the parents and guardians of the victim regarding action taken to prevent any further acts of bullying or retaliation.*

If an incident of bullying or retaliation involves students from more than one school, the school first informed of the bullying or retaliation shall promptly notify the appropriate administrator of the other school so that both may take appropriate action.

This policy applies to all members of our school community. The School Principal or any person who holds a comparable role shall be responsible for the implementation and oversight of policies intended to address bullying. (Sec. 4, Anti-bullying Act)

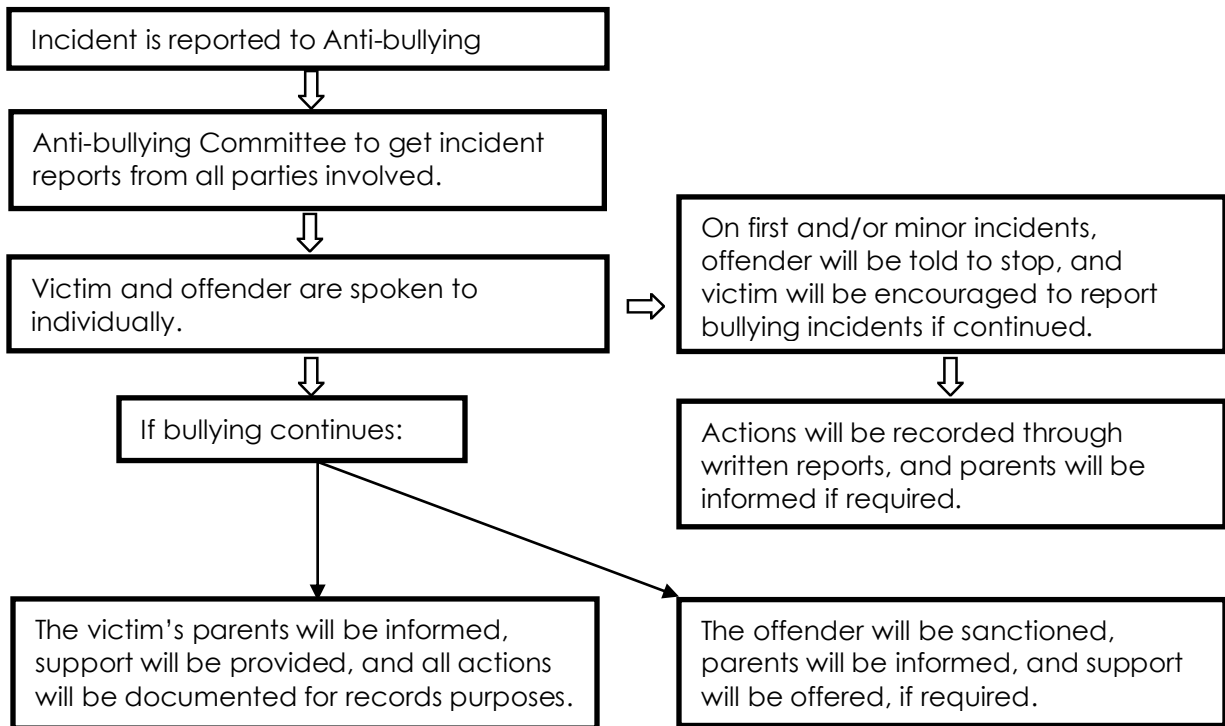

IV. Procedure to follow

Students are not to tolerate any form of bullying behavior. An adult should be informed immediately when someone is being bullied or in distress. Students should report any incidents of bullying they witness. Doing nothing can suggest support for the bully if a student does not feel they can talk to an adult; each form has a peer mentor and/or student leader whom they could tell and have the information passed on for them.

Parent/guardians can report incidents of bullying by calling the school or e-mailing the school administration. Once an incident of bullying has been reported, the incident will be investigated in school and parents/guardians will be kept updated with developments.

Not all bullying incidents are the same and each incident will be treated equally and independently.

Below is the diagram of how an incident of bullying could be dealt with in school:

V. Strategies for Dealing with Bullying

The school continually works towards the elimination of bullying by:

- Ensuring that the school is patrolled at break, lunchtime and at the end of the day.
- Using the curriculum as an intrinsic vehicle to raise awareness of the issues surrounding bullying behavior.
- The school will actively promote 'Anti-Bullying Week' and also encourage students to take part and support events held throughout the year in school.
- Giving help and on-going support to the students.
- Making the unacceptable nature of the behavior and consequences of any repetition clear to the bully and his/her parents/guardians.
- Giving support to bullies to change their behavior.
- Seeking the involvement of external professional agencies if and where necessary.

a. The Role of School Staff

The following steps should be taken when dealing with incidents:

1. If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached.
2. A clear account of the incident will be recorded and given to the Discipline Officer to be endorsed to the Anti-Bullying Committee.
3. The Committee shall conduct investigation starting with interview of all concerned and will record the incident.
4. Parents will be kept informed.
5. Punitive measure will be used as appropriate and in consultation with all parties concerned.

b. The Role of Parents /Guardians

Parents/guardians play a vital role in the education and care of their children. They can assist in contesting bullying in two ways;

- a. By not accepting such behavior and
- b. By influencing children of the importance of appropriate behavior towards others and the importance of reporting to an adult when they think someone else is being bullied.

We expect parents and guardians to:

- Stress to their children the importance of appropriate sociable behavior and not act in any way that would make the situation worse or could be seen as bullying or threatening against another child.
- Reporting any misgivings they have concerning either victims or perpetrators of bullying, sharing concerns as soon as possible, and by not promising a child that they will not tell anyone.
- Actively endorsing and supporting the Anti-Bullying Policy by acting responsibly and calmly.
- In the event that sanctions are given, to support them and make clear their disapproval of bullying behavior.
- By not automatically dismissing the suggestion that their own child could be involved in bullying another child and by working positively with the school to change behavior.

c. The Role of Children and Young People

Our anti-Bullying Policy is effectively enforced in a supportive climate where everyone has an understanding of bullying and expectations from such incidents. In this regard, everyone (both adults and students) is expected to be responsible for their personal conduct and behavior, to support others by reporting concerns (not keeping secrets), and to promote anti-bullying messages and positive individuality.

We expect all students to act in a respectful and supportive manner toward their peers, reporting any suspected incidents which a victim may be afraid to report himself/herself. We expect all members of our school community to adhere to and promote the aims and objectives of our Anti-bullying policy. We expect all members of our school community to refrain from any behavior which would constitute bullying, or could be construed as bullying behavior.

VI. Protective and Remedial Methods

a. Students Who Have Been Bullied Will Be Supported by:

1. Offering an immediate opportunity to discuss the experience with the Anti-Bullying Committee or member of school staff of their choice.
2. Reassuring the student.
3. Offering continuous support.
4. Restoring self-esteem and confidence.

b. Students who have been bullied will be helped by:

1. Discussing what happened.
2. Discovering why the student became involved.
3. Establishing the wrong doing and the need to change.
4. Informing the parents or guardians to help change the attitude of the student.

c. Disciplinary Steps can be taken as Penalty for the Bully:

1. Official warnings to cease offending.
2. The bully (or bullies) may be asked to genuinely apologize. Other consequences may also take place.
3. If possible, the students will be reconciled.
4. Accomplishing a Pledge of Obedience.
5. Community Service within the school premises.
6. Exclusion from certain areas of the school premises.
7. Fixed-term exclusion.
8. Permanent exclusion.
9. In serious cases involving repetition of bullying incidents that have become a habitual practice of the bully, suspension or even expulsion will be considered.

After the incidents have been investigated and dealt with, each case will be monitored to ensure repeated bullying does not take place.

VII. Monitoring, Evaluation, and Review

The school will review this policy annually and assess its implementation and effectiveness. The policy will be promoted and implemented throughout the school. In order to assess the effectiveness of this anti-bullying policy, evaluation procedures will be done.

We use the following standard as a means of measuring performance:

- Variation in number of reported incidents over a specific period with record of any increase since first instance.
- Individual incident reports within specified periods for different age groups.
- Monitoring the number of pupil's days lost which are suspected to or alleged to arise as a consequence of bullying.

- Any marked improvement in academic performance which may be confidently regarded to have arisen due to the eradication of bullying behavior.

In an attempt to eradicate such behavior, the school will raise the awareness of the nature of bullying through its inclusion in assemblies and subject areas as appropriate.
